Licensure & Testing Requirements

The training provided is designed to enable each student to obtain a commercial driver license. This is a requirement to operate any commercial vehicle in the State of California. To qualify each potential student must meet the following criteria:

Department of Motor Vehicle CDL (Practice) Permit Requirements

How to Get a CDL

Applicants for a CDL:

- Must be 18 years of age.
- May drive for hire within California if you are 18 years of age or older and do not engage in interstate commerce activities.
- Must be at least 21 years old to drive a commercial vehicle engaged in interstate commerce or to transport hazardous materials or wastes (intrastate or interstate commerce) (CVC §12515)

Provide the Following Items

- A completed Commercial Driver License Application (DL 44C) form. Signing this form means you agree to submit to a chemical test to determine the alcohol or drug content of your blood. If you refuse to sign this form, DMV will not issue or renew your driver license.
- Your true full name.
- An approved Medical Examination Report (DL 51) form (or copy) completed by a United States (U.S.) licensed doctor of medicine (M.D.), licensed doctor of osteopathy (D.O.), licensed physician's assistant (P.A.), registered advanced practice nurse (APN), or licensed chiropractor when you apply for a driver license or instruction permit. Drivers who hold certificates to drive school buses, SPAB, youth buses, GPPV, or farm labor vehicles must have their medical examinations given by doctors of medicine, licensed physician's assistant, registered advanced practice nurse, or a chiropractor who is listed on the National Registry of Certified Medical Examiners (CVC §12517.2).

Note: Do not mail your medical report to the CHP.

* Drivers subject to commercial driver sanctions.

A medical report dated within the last two years is required for any CDL application and then every two years after that.

Mail the interim medical to:

Department of Motor Vehicles
Commercial Problem Drivers Inquiry Unit
MS G204
PO Box 942890
Sacramento, CA 94290-0001

You will be given a medical examiners certificate to carry when you drive commercially. You can be given a citation for driving out of class if your medical certificate expires, or you drive without a valid medical certificate in your possession. You may also be removed from your vehicle by a law enforcement officer for driving out of class.

Effective January 30, 2015, you no longer need to carry your medical examiners certificate for more than 15 days after the date it was issued (by the medical examiner) as valid proof of medical certification (Title 49, CFR, §391.41(a)(2)(i)).
Beginning May 21, 2014, interstate commercial drivers must have their medical examination performed by a certified medical examiner listed on the National Registry of Certified Medical Examiners (National Registry). The National Registry lists medical examiners that have been trained, tested and certified on the medical standards in the Federal Motor Carrier Safety Administration (FMCSA) regulations to perform medical examination on CMV drivers. A list of certified medical examiners may be found on the National Registry website at: https://nationalregistry.fmcsa.dot.gov.

If you must have a CDL as part of your job, your employer shall pay the cost of the medical examination unless your examination was taken before you applied for the job (California Labor Code §231).

Note: Customers who do not meet the minimum medical standards will either be restricted or refused a CDL. The restrictions are intrastate:

— May not transport passengers commercially or transport materials which require placards (CVC §27903).

— May not drive in interstate commerce.

An Acceptable Birth Date/Legal Presence (BD/ LP) Document. All applicants for an original DL/ ID card must submit proof of legal presence in the U.S. as authorized under federal law. If the name on your BD/LP document is different from the name on your DL application form, you must also bring in an acceptable true full name document. Your true full name, as shown on your BD/LP document, will appear on your DL/ID card. (Refer to the California Driver Handbook.)

• An acceptable BD/LP or true full name document is one produced by an issuing authority (i.e., county, state, etc.). This document is a certified copy of the original (the original is always retained by the issuing authority) and will contain an impressed seal or an original stamped impression. The certified copy will be returned to you. If you make a copy of the certified copy, DMV will not accept it for BD/ LP verification.

• Your Social Security Card (cannot be laminated), Medicare card, or U.S. Armed Forces active, retired, or reserve DD2 form for an original CDL. The document must contain your name and social security number (SSN). Your SSN will be verified with the Social Security Administration while you are in the office.

• A Certificate of Driving Skill (DL 170 ETP) if your employer is authorized by DMV to issue such certificates. Both you and your employer sign this form.

• The Applicable Fee. This fee is good for 12 months from the application date. You are allowed three attempts to pass the knowledge test and a total of three attempts to pass the entire road test (pre-trip inspection, skills, and driving test) on a single application. If you fail any portion of the road test (pre-trip inspection, skills, or driving test), it will count as one failure towards the maximum three attempts you are allowed. Example: Failing the pre-trip inspection, skills test, and driving test counts as a three-time failure (or any failure combination equaling three). However, if you are required to take a driving test for separate types of vehicles (Class A or passenger transport vehicle), you are allowed three driving tests for the Class A vehicle and three driving tests for the passenger transport vehicle. If you fail the skills test or the road test there will be retest fee charged upon your return to take the commercial driving test.

ATD Note: DMV fees are subject to change. See “Tuition and Fees” section for current DMV applicable fees.
Additional Requirements
All commercial vehicle drivers must:
- Be a California resident before applying for a California CDL.
- Disclose all states in which they were previously licensed during the past ten years and surrender all out-of-state driver licenses (current or expired), if any.
- Certify that they do not have a driver license from more than one state or country.
- Notify their home state Department of Motor Vehicles of any conviction which occurred in other states within 30 days of the conviction.
- Notify their employer of any revocation, suspension, cancellation, or disqualification before the end of the business day following the action.
- Give their employer a 10-year employment history of commercial driving, if applying for a job as a driver.

- Passenger transport vehicles—(P).
- School bus—(S).
- Double/Triples combination—(T).

- Firefighter—(F) (not required but optional for commercial Class A or B license holders.)

Department of Motor Vehicle CDL Licensing Requirements & Drive Test
Each student will be evaluated utilizing the Department of Motor Vehicles evaluation score sheet form DL-65 part 1 and part 2. Passing grade shall be at least 67 correct answers on part 1 pre-trip inspection, less than 12 errors on part 1 skills section and no more than 30 errors on part 2, with no marks in automatic failure section.

DMV requires the following tests to be completed with a passing score.
- Pre-trip inspection and Air Brake Test – Demonstrate knowledge of how the specific features and equipment on the test vehicle should be checked (Passing score is 67 correct answers)
- Skills test – Perform various tasks including parallel parking, alley docking, and straight line backing that test your control and ability to maneuver the vehicle (no more than 12 errors)

- Safe and efficient operation of various types of tractors and trailers
- Defensive driving techniques, backing, safety and emergency procedures
- Safety rules and regulations

ATD Note: If an individual fails on the drive test or skills test an additional fee of $35.00 is required prior to subsequent retests. This is paid directly to the DMV. If an individual fails any combination of the pre-trip or the drive test three (3) times, he/she must return to DMV and pay the original practice permit fee again and retake the written test before being allowed to take another drive test.

Upon passing DMV licensing requirements, students receive an interim Commercial Driver License issued by DMV valid for 90 days. The permanent CDL is mailed within 60 days.

*California Department of Motor Vehicles (DMV) allows an individual to take the written test for a practice permit three (3) times at no extra charge. On the fourth attempt the individual must pay again for the practice permit. DMV may require a visual exam as well as the successful completion of an abbreviated class C written exam.

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all of part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

76020. Student Tuition Recovery Fund (STRF).

(a) The fund exists to relieve or mitigate economic losses suffered by a student while enrolled at a qualifying institution, who at the time of enrollment is or was a California resident or was enrolled in a California residency program, if the student enrolled in the institution and the student or a third-party payer, prepaid tuition, paid or is deemed to have paid the assessment and suffered economic loss as a result of any of the conditions specified in section 94923 of the Code or due to an institution losing its eligibility to receive a third-party payer benefit such as Cal Grant, Pell Grant, or veterans’ financial aid programs under Title 38 of the Code of Federal Regulations.

Financing Programs, Grants and Scholarships

There are several public financing options available as well as grants and scholarships for those who qualify. We do not provide educational financing options or recommend financing options for any student. Academy of Truck Driving, Inc. does not participate in federal and state financial aid programs.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. Additionally, if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid funds. (Ed. Code §94909(a)(11))

If you are eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

(1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce
the balance owed on the loan.

(2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Financial obligations shall be verified and secured prior to the start of any training program.

Testimonials

Being a Truck Driver Changed My Life! Before I learned how to drive a truck I did not have a job where I was able to financially take care of myself. Since completing the course at Academy of Truck Driving, I now have a permanent job where I am learning to be responsible and how to run my own business. Being a truck driver has given me a lot of freedom, such as where I work and how long I want to work. This job is great because I can take my skills anywhere in the country and get a job.

– Nate F.

I am sending this warm letter of appreciation to thank all the staff at Academy of Truck Driving for all the help you extended to me while I attended the school. You guys made my whole experience a good one & helped me achieve my goal of becoming a commercial trucker. From all the schools that I sought out before coming across Academy of Truck Driving, your personnel & orientation was by far the best I came to meet with before making up my mind. I would like to especially thank my instructors for having the patience & taking the time to help me out in every way possible to meet my goal of becoming a trucker. I’ve never had quite an experience with any of my teachers in the past that was so relaxed & understanding.

In closing my letter let me just say, that I wish all of you at Academy of Truck Driving the best of luck in future & to please keep up all the good work in helping people like myself reach their goals. Rest assured that if asked what school I would recommend when it comes to trucking, Academy of Truck Driving is at the top of my list.

Once again best wishes to you all & God Bless. Sincerely.

– Edwin R.

What a blessing! The team at Academy of Truck Driving showed a personal interest in my success and treated me as if I was a member of their personal family. Although I had prior driving experience I did not have my license. As I was doing my part in studying and providing all of the necessary documents required to start the class when times got tough the staff at Academy really stepped up and made calls on my behalf. We worked thru the process hand in hand, step by step. Upon starting the course Mr. Kemp really continued to motivate and encourage me to succeed and I am very grateful for his support. The Academy was a major spoke in the wheel of my progress and success in employment. We have created a beautiful relationship and if the opportunity arise I would love to come back and be a part of the organization as a trainer.

– Chris M.

These guys are the best!! You’ll learn everything you need to know about driving a commercial vehicle and earning your CDL. You’ll learn in the classroom and behind the wheel. You’ll be well prepared on exactly what going to happen on your drive test. Classes are small, so you get individual training as well as learn from other experienced students. AND they also assist with job placement. I trained under AJ, he’s the best!!

– Michael W.

Lost my job of 22 years when my company shut down and I didn’t know what to do. I enrolled at the Academy of Truck Driving and as it turned out was a great choice. My instructor Lavelle Allison, taught me how to drive a bus, He was knowledgeable and very patient with me and under 4 weeks, I had a Class B license with a passenger endorsement. Three days later I had a job, I even turned one job down. The school has their own job adviser, Johnny Johnson. He setup interviews for me right after obtaining my license and here I am, working again. The academy will also train you to drive a big rig truck and get a Class A license or even both. If you need a job or just a refresher course, the Academy of Truck Driving is the place to go. Two thumbs up!!!!!

– Bruce L.

Great truck driving school i got my Class A w/ hazmat endorsement in less than two weeks about 8 days total. the instrustors A.J., Jimmy, and Lavelle(sorry man if i misspelled your name) really know there stuff and are the real deal. you are in the truck from Day 1, alot of hands on training. i would recommend this school to any and everyone who wants to obtain their class A, B, or passengers license. they are small classes so there is alot more 1 on 1 training. they have 4 trucks and 1 bus for you to train in. THEY TEACH YOU TO DOUBLE CLUTCH and shift the right way. THIS IS THE BEST TRUCK DRIVING SCHOOL IN THE BAY AREA!!!!!!!!!!!!....

If you have a family or medical emergency, a “leave of absence” may be granted. See “Leave of Absence Procedure”. Any student absent for three (3) consecutive days of class without taking a leave of absence or notifying the office in writing will be placed on probation and may be subject to termination. For Programs I, II and III allocated hours must be completed or at least 60% of program hours and or DMV licensing achieved in order to receive a “Certificate of Completion.”
Leave of Absence Procedure:
In the event of a family or medical emergency, you may request a “leave of absence”. Students must request the leave of absence in writing, signed and dated, prior to the leave of absence unless unforeseen circumstances prevent the student from doing so. If that is the case, the circumstances must be documented. Documentation supporting the request should be submitted concurrently with the request. The written request and documentation should be sent to the School Director. The School Director and Faculty will meet to discuss the terms of the leave of absence and make a determination for approval or denial. There must be a reasonable expectation that the student will return to school. Leave of absence requests are accepted via fax to (510) 663-9030, by email to jennifer@acdltruckdriver.com, or by letter sent via registered mail or delivered in person to Academy of Truck Driving, Attn: School Director, 2585 Buna Street, Bldg. 99, Oakland, CA 94607. If granted, you will be able to be readmitted into another session (for the same program) and pick up exactly where you left off.

Attendance Probation Policy:
Academy of Truck Driving will place students on probation if they fail to demonstrate satisfactory attendance as outlined above. The instructor or Admissions & Records Officer informs the students of this situation in writing. The instructor will work with the students to create a plan for improvement and the students will remain on probation until the next evaluation period, unless the students’ attendance becomes satisfactory prior to the subsequent evaluation phase. The school removes the students from their probationary status when the students have successfully met the requirements as stated in the Attendance Policy. The instructor or Admissions & Records Officer will log all probation decisions in the student file. Students will be terminated if they are unable to demonstrate improvement within the maximum period. All terminations are subject to review by the School Director.

General Notices:
- Make-up classes will be scheduled by the School Director or administrators for excused absences only. Your time should start according to schedule. By being late, you will lose driving or classroom time. If for any reason you are going to be late or absent, please call the office and let us know.
- There is to be no fraternizing with instructors or other staff while currently enrolled as a student.

Drug Testing Requirements:
In order to comply with the Federal Motor Carrier Safety regulations, 49 CFR Part 40, and other applicable statutes governing commercial drivers, ATD has a drug test requirement. All prospective students must submit to a controlled substances test involving collection of a urine sample that will be tested for the following: marijuana, cocaine, opiates, amphetamines, and phencyclidines (PCP). The test is commonly referred to as 5-panel NIDA Screening. Should you test positive for use of controlled substances, you will not be medically qualified to operate a commercial vehicle in interstate commerce. You will be given a reasonable opportunity to confer with the delegated medical review officer before any positive results are reported to ATD.

The result of the drug test will be maintained by the medical review officer, who will report to the school whether the test result was negative or positive. The medical review officer, or school, may also release the results to the examining physician in connection with the required DOT physical examination.

Employment Verification:
Graduates of any funded training program through our school must verify future employment information to assist ATD in complying with reporting requirements. Student must complete the employment verification fax form below authorizing Academy of Truck Driving, Inc. to obtain verification of employment details from future employers and the Social Security Administration’s Consent for Release of Information form authorizing Academy of Truck Driving, Inc. to obtain wage and employment details from the Social Security Administration. Upon the graduate providing ATD employer information, ATD will fax a copy of the signed employment verification fax form to the employer. In the event employment details are not provided to ATD, ATD is authorized to send a request to the Social Security Administration for this information for the purpose of obtaining the information needed.

Student Right to Cancel & Refund Terms

“STUDENT’S RIGHT TO CANCEL”

Your cancellation rights are:

- **RESCISSION OF ENROLLMENT**: You have the right to cancel the Student Enrollment and Program Agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. (Ed. Code §94909(a)(8)(B))

  Date by which the student must exercise his or her right to rescind enrollment: ____________________

“CANCELLATION PROCEDURE AND REFUND POLICY”

To cancel your enrollment, mail or deliver a signed and dated copy of a “Cancellation Notice and Refund Request Form” to:

Academy of Truck Driving  
Attn: Oakland Site Administrator  
2585 Buna Street, Bldg. 99  
Oakland, CA  94607

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

REMEMBER, YOU MUST CANCEL IN WRITING. You do not have the right to cancel just by telephoning the school or by not coming to class. Your cancellation request will only be accepted in writing. If you simply telephone or stop attending class, it will not be considered an official cancellation. A withdrawal may be effectuated by the student’s written notice or by the student’s conduct, including, but not necessarily limited to, a student’s lack of attendance. Students are entitled to a refund of 100 percent of the amount paid for institutional charges, less the $250 registration fee, if notice of cancellation is made through attendance at the first-class session, or the seventh day after enrollment, whichever is later. Students who have completed 60% or less of the program hours are entitled to a pro rata refund of any unearned institutional charges if the student cancels the enrollment agreement or withdraws during the period of attendance.

Tuition refund policy does not apply to students who have completed the program hours or have completed more than 60% of the program hours. Students who have completed more than 60% of the program hours are deemed substantially completed and are not eligible to receive any refund. Any student requesting to start late or finish early, and who receives training from ATD and a commercial license, is not eligible to receive any refund.

Upon receipt of the cancellation notice, any payment you have made, less nonrefundable fees, and any negotiable instrument signed by you will be returned, in accordance with the Program Refund Calculation Chart, within 45 days following ATD’s receipt of your cancellation notice. If you lose your copy of the Student Enrollment and Program Agreement or any other document, ask the ATD Enrollment Representative for a replacement copy.
Refund examples are based on the percentage of clock hours completed. The amount owed by the student is calculated by multiplying the total hourly charge for instruction by the number of hours attended. The hourly charge for instruction is derived by calculating the total institutional charge, less any non-refundable fees, divided by the number of program hours. The hourly charge for instruction is then multiplied by the total hours attended by the student to calculate the amount owed by the student. If the tuition has been paid in full, the following reflects a refund for the amount paid in excess by the student:
